Summary details of all procurements (capital and current) where the value exceeds €10m are required to be published under a heading PROCUREMENT/PROJECT PROGRESS. The list must be published by March each year and should include the information on the following table for each project/procurement greater than €10m regardless of its status. Notes:	
<p>The requirement to publish relates specifically to procurement and not the project so where is reported at over €10m the interpretation here is that the project is examined and only the elements of that project that were the subject of a procurement process for a contract in excess of €10m needs to be reported. Therefore if a project with a total expenditure in excess of €10m is made up of procurements assigning more than one contractor and none of these contracts exceed the €10m threshold then there is no requirement to include them in the list for publication.</p>
