	That Louth County Council provides land for community-based activities such as a playground and community centre for the village of Termonfeckin.	

With a population that has more than doubled from 653 in 2006 to 1,443 as per the 2011 census, leisure facilities and community infrastructure are desperately needed. As part of planning conditions, such facilities should be included from the outset, but must be created now to address this need. The village has seen a surge of young families in recent years, with the expansion of the schools in both Termonfeckin and Sandpitt. There is a huge need for these youngsters to be catered for.

A tract of land now in the hands of NAMA, would be an ideal location as it is close to the primary school and easily accessible from both the Drogheda and Baltray roads.
