" This Council rejects proposals contained in Part 2 of the Housing Miscellaneous Provisions Bill 2016 in relation to the setting up of a Strategic Housing Division within An Bord Pleanála. We note that the objective of this particular proposal is to fast-track planning applications for residential developments of 100+ units. Planning and the planned provision of housing has always been a key function of the local authority planning system and any move, no matter how temporary, would be viewed by the Council as further dilution of the role of the local authority. The Association firmly believes that the local planning system should be plan-led. Such an approach enables local people shape the communities where they live, provide for quality design with appropriate amenities, adhere to all local and county development plans and be delivered at the level closest to the public. This level has and should continue to be at local authority level"
