7. Notice of Question

(i) Cllr. Tommy Byrne

“Can Louth County Council or Irish Water confirm that there was no leakage or obnoxious foul odour from the Drogheda treatment plant on the Mornington Road on 19th June last or the days previously?”

Reply

There were no reported odours on the preceding days prior to the 19th June. The complaint received on the 19th June was investigated.

Boundary checks at the treatment plant were carried out as well as monitoring. All locations were negative for odours. As part of the investigation inspections were carried out at the Marsh Road, Wheaton Hall and Glanbia on the 19/6/14 between 13:00 and 14:30. No malodours in the vicinity of these sites on this date were detected.

In relation to discharges from the treatment plant, the monitoring results were within compliance on the 19th June and the preceding days.
