Most residents in this area would use the grass bank as a short cut when walking to school or heading to town. The provision of a footpath in this area would greatly improve the quality of life for residents including wheelchair users and users with baby buggies.”

bicycle bays or racks for security at the car parks of Port Beach, Little Strand Beach in Clogherhead and Seapoint Beach Termonfeckin. This can be done on a piloted basis and if successful could be rolled out in other areas around the County. The public repair and pump station will be a one-stop-shop for cyclist repairing their bicycle and tyres in a convenient location or lock safely as they explore the area, grab a coffee or walk on the beach."
