Matters Arising

There were no matters arising.

Decade of Centenaries programme 2022-presentation by Ms Amanda Brannigan

A presentation on the Decade of Centenaries programme 2022 was delivered by Amanda Brannigan, Senior Executive Librarian. Ms Brannigan outlined a wide range of activities that are planned for 2022 that includes collaboration with a number of groups and organisations. Sections of the Quality of Life Services including the Library Service, Archives and The County Museum will all contribute to delivering interesting and reliable record based information that should appeal to a wide range of individuals and communities. The very successful Historian in resident initiative will again be a feature of the programme and this in particular was welcomed by the members of the committee.

That concluded the business of the meeting.
