The Chief Executive referred to the deferred recommendation from the 12<sup>th</sup> April and advised Members that her recommendation remains as in the report and that there were no legal mechanism for us to take account of guidelines which issued the draft report had been adopted by Members. ## CE Recommendation no. 2

CE REPORT PAGE 11

RECOMMENDATION NO. 2 of OPR

To accept CE Recommendation To amend the projected population growth for Ardee and Dunleer to 29% of the 2016 population for each settlement

Members queried the decision to reduce the proposed draft population growth in Ardee and Dunleer from 33.6% and 51.6% respectively, to 29% in each. Reference was made to the Chief Executive Response on Page 11 of the report which set out the criteria for the initial figures and a number of Councillors expressed support to retain the projected growth figures in the draft plan.

The Chief Executive advised that while she had set out the criteria for the figures in the draft plan, ultimately she was recommending change in support of the reduced figure of 29% in line with the requirements of NPO9 of the National Planning Framework. The challenge of the expansion of Drogheda and Dundalk and the gap with Ardee was noted.

CE REPORT PAGE 14 - RECOMMENDATION NO. 4 of OPR Submission  
 To accept the CE recommendation on the OPR recommendation 4, To introduce Phasing Arrangements for the release of residential lands in the RGCs and Ardee and Dunleer

Members queried the amount of extant planning permissions in existence and Cllr. Butler requested a location map of all extant permissions. Strategic Housing Developments and their possible impact on services and the phasing of the plan were discussed.

As it was coming up to 7 pm a comfort break was called until 7.10 pm

On resumption Members were advised that all extant permissions were examined as part of the initial plan; there was no one document that included all permissions but a map could be compiled and provided; the purpose of phasing was to bring some certainty and to adhere to National Guidelines on development within towns. The SHD process was a 5 year permission which was fast tracked as per Rebuilding Ireland. It was agreed that a review of all existing Phase 1 extant permissions could be reviewed at 2 year Development Plan review.

Members queried if presentation of a map would change the principle of the recommendation and they were advised it would not.

Cllr Doyle proposed we vote on the recommendation and Cllr. Butterly seconded this. A Roll Call Vote was held as follows:
