Dear sir/madame

We wish to make a submission in relation to the development plan after consultation with members of our community alert.

We as are they are concerned regarding the below as this is the criteria in zone 2 not in zone 1. We alone have installed over 200 Pobal alarms for the elderly in the land now in Zone 1 on the Cooley Peninsula. These community members deserve the same peace of mind having family beside them as zone 2 and we urge a change for the below to apply to zone 1 also:

Native residents who are providing care for an elderly person(s) or a person(s) with a disability who lives in an isolated rural area and who does not have any able bodied person residing with them. Any application shall demonstrate why the existing property cannot be extended or modified to provide residential accommodation for the carer. One house only will be allowed on this basis and the site must be adjacent to the dwelling in which the elderly person(s) or person(s) with the disability resides.

Regards

Michael Muckian
