To: LouthCDP

Dear Sir/Madam,

I write to respectfully ask you to postpone the roll out of the Louth County Development Plan. There are some huge issues contained within the proposed plan, many of which I believe to be largely discriminatory, sexist and act in order to remove the inherent rights of rural landowners and families across the County.

We believe a roll out of this plan during a global pandemic is unethical and should not be considered as the people of Louth have not been able to meet with Councillors, local residents or Planning Officers.

We urge you to delay the roll out of this plan give the people living in rural communities their right to discuss the plan with the appropriate parties.

Kind regards

Darcie Trant
