I would like to object to the adoption of the new rural development plan, specifically the designation of the majority of the dundalk-carlingford electoral area as Rural zone 1 and the restrictions that this will entail. I have lived all my life in the area and my family has resided in Ballymakellett for well over 200 years. I have a great love for the area, for its natural beauty and for the wonderful community it is to live in. This new plan will be detrimental to the rural community we all cherish s much. There will be no means for our children to live and set up family in the area as the majority of land owners are small farmers who will not meet the 3 hectares land requirement and farming the land will only be a viable option for one member of any family.

The results of these ridiculously stringent regulations will be the death of our schools, sporting clubs and community as there will be little or new new young families setting up there lives in our area. I emlore the powers that be to reject the adoption of this plan specifically the Rural Zone 1 designation and the ridiculously stringent regulations that this entails.

Regards

Colin Goss
