Objection to draft Louth county development plan 2021-2027

To whom it may concern

I wish to make the following submission in regards to the Louth county development plan 2021-2017

I wish to highly object to the purposed plan

This plan will ruin rural communities who are made up of not only farmers and developers but also generations of family who will be highly unlikely to build in the rural their community under the purposed plan which in suit have a knock in effect to rural businesses and the vulnerable living in these communities.

We are also in the middle of a global pandemic, we can not hold community meetings for these people to voice their opposition and I believe now is not the time to implement these changes which will be detrimental to future generations and further isolate the vulnerable and others in these rural communities

Yours sincerely
