Regarding the rezoning of 'Rural Zone 1'.

My name is Shane O Hanlon,I am 24 years old and have lived , attended school and worked in Ravensdale,Co. Louth my entire life. I was planning in the next few years to build my own house near where I grew up on land my parents own.

How can Louth County Council during a massive housing crisis that has been going on for over ten years determine it's wise to **restrict** housing for people rather than enable it?

This is my future, this is my area and if I am not allowed to live and work where I grew up then I see no opportunity for me here in Ireland. I hope when the council makes their decision they think about the young people of this area you will be forcing out of their homes.

Thank you for your consideration.
