To whom it may concern,

Please do not implement this plan until there is clear and full discussion with the rural communities

The effect it will have on our young people's future plan. I am 25 years old and some day would love to have permission to stay and live within the area I grew up in to be beside family and friends. This plan will completely depopulate the area which in effect will end up closing schools and football clubs not forgetting all the businesses and shops.

This is not the time to do this in the middle of a pandemic.
