

Draft Louth County Development Plan 2021-2027

Kate O'Neill []

Sent: 17 December 2020 22:09

To: LouthCDP

To whom it may concern,

I, Kate O'Neill, object to your plan.

Since I and my siblings were young we have always planned, hoped and dreamed to live on our family land. I want all of my siblings not just two of us to be able to live on our land. This has been the way for generations in our family.

If this plan goes ahead the school and community will perish as numbers enrolling in the school each year will reduce.

This beautiful and mountainous area deserves life, and people should have the ability to build on the land they own, especially if they were raised here.

I have been raised here, my life evolves around this area and I want to be here in my homeland in the future.

Kate O'Neill, .
