Importance: High

To whom it may concern,

Please accept this email as my objection to the proposed louth county development plan 2021 - 2027.

The plan will have a detrimental effect to our Community. The knock on effect will see the decline in numbers for our GAA clubs and small schools. My daughters school already lost 2 teachers last year and cannot afford to lose another.

I am in the process of building beside my widowed mother and I want my children to have the option of living and working in the community they grow up in.

Rural communities are an integral part of our heritage and to get rid of the option of building in our rural areas robs our children and grandchildren of the chance to immerse themselves into their communities.

Kind regards,
Nicola Dollard
