

Draft Louth County Development Plan 2021-2027

Kevin Carolan []

To whom it may concern

I totally reject the new development plan. This will end people living in the locality. This will close the school my children go to, the same school my wife and mother in law went to, it will close a church, country people and their children should have the choice to live in the country and not forced to live in towns and cities. Shame on my county council.

Regards
