

## Louth County Council Development Plan 2021--2027

**Sent:** 20 December 2020 12:08

**To:** LouthCDP

I would be very grateful if you can raise an objection on my behalf regarding the proposed Louth County Development Plan 2021 -2027.

We live in what is referred to as the Qualifying Criteria Rural Policy Zone 1 in the townland of Ballinteskin Omeath.

Our children and grandchildren were born here and we also run a family business from here. We have two sons that want to own a home in their native home area. If this plan is adopted they will be forced to leave their home area where they were born and grew up and move away from their extended family.

The plan clearly discriminates against people who were born here, if they do not belong to a family that owns 3 hectares or more. When our children and grandchildren decide to build a house they will be forced to leave the area where they were born.

The proposed plan is clearly discriminatory and beneficial to landowners. It is also very frustrating for us to receive this very recent information that our children may not be permitted to live near us and would have to leave their native home area.

Can you please register my objection and I look forward to hearing from you?

Thanking you in anticipation

John McAteer,
