Dear Sirs,

As part of the Louth county development plan I would like to propose that a Tree Preservation order be placed on all the trees in Ardee Golf Club. My reasons for proposing this is that during 2020 the management of Ardee Golf Club have cut down a lot of trees, many of which were over 200 years old. This was done despite members of the club voicing their opposition to it. If the Tree Preservation Order was there then any trees that needed to be cut could be done with consultation with Caoilte or Council officials.

Regards,

Padraig Mc Kenny
