To whom it may concern

I would like to object to the adoption of the new rural development plan. I have lived all my life in Annaloughan and my family have resided there also for well over 100 years. I have a great love for the area and for the wonderful community it is to live in. This new plan will be detrimental to the rural community. I myself have children which I had hoped to live and set up family in the area. The impact of the new regulations will have detrimental effect on our schools, sporting clubs and community as there will be little or no young families setting up there lives in our area. I also urge our local councillors to object to the adoption of this plan specifically the Rural Zone 1 designation and the stringent regulations that this entails.

Kind Regards

Kevin O Connor
