SUBJECT PROPOSEL: Draft Louth County development plan 2021-2027

Land to be re zoned and extend village boundary

To Whom it may concern

I have reviewed the Draft Louth County Development plan 2021-2027 and I have noticed that there is not extension of the village boundary in Termonfeckin. I wish to propose extending the boundary on the Termonfeckin R166 road North. I have attached a map on the proposed land extension.

This land is currently zoned as agricultural and i have tried to apply for planning permission to build in it with no joy as I currently live 50 meters away inside a different zone. This land is family land for over 50 years and both myself and siblings would like to build and live on it. Due to the zone chance between my home house and this land which is 50meters between this is not looking likely. The land are also accessible to mains sewage, water, mains gas and electric.

For these reasons I would like to hope that this land would be rezoned so myself and family can develop them to live in part of the village

Regards

Matthew McEvoy
