---

A chara,

I am writing to you to express my worries over the new development plan. I am from the rural area of Togher and I have huge concerns about how the new plan will impact housing and planning in the future. I have strong ties with the community, living there for most of my life and I feel that people like me should have the opportunity to build in the area they grew up in, within reasonable grounds, should they so wish. I know I would like to live and contribute back to the community that gave me so much when I was growing up. I believe that restricting the building of one off houses in rural areas and forcing young people like myself into villages and towns to raise their families will have a detrimental effect on rural communities in the future.

I hope you will consider my concerns when implementing the new development plan.

Is mise le meas,

Isabel Corrigan
