To whom it may concern

My name is Damien McCann. I am a resident of Glenmore on the Cooley peninsula, 5th generation to live here. I am writing this email to lodge my objection to the proposed changes to the planning laws. If these changes go ahead it will absolutely destroy our community and leave behind a wasteland in years to come of derelict buildings and isolated elderly people.

I have lived here all my life and find the proposed changes an insult to our way of life and extremely shortsighted on your behalf. If there is no young people there will be no schools, chapels, shops, community centres etc will close and sports teams will dwindle away. Life will be gone from our area in a generation and instead of one deserted village there will be a whole peninsula.

I find it a sad day having to write this email as I can't believe what you are trying to do to our community and your fellow Louth citizens.

Feel free to contact me with any questions.

Yours sincerely
Damien Mc Cann.
