To whom it may concern,

I am writing to express my concern regarding the major changes to be included in the plan for 2021-2027. I am not aware of any Impact Assessment Report being commissioned to examine the long term effect on the local community.

Covid restrictions have prevented the community from meeting to discuss it, to challenge it and to propose alternatives to the plan.

As the parent of a child attending Bush PP school, I am concerned that there is no provision for my son to build a home and continue to live in the local area. As a community we demand provisions in the plan to allow this and thereby allow for our local community to sustain long into the future.

Yours sincerely
