To whom it may concern,

I am writing to you to express my concern about the Draft Louth County Development Plan 2021 - 2027.

From my understanding, the Plan will devastate so many local families, schools, businesses and sports clubs, to name a few. As parents of two children which both have great intentions of living in the area that they grew up in, I fear that this Plan will make their hopes impossible. It isn't right to expect them to move from their native area which they call home and start their adult lives somewhere that they have no desire or interest to live or raise their own children.

The eldest of my children, who just started her own family was hoping to build her own house in the area in the coming years and is particularly upset over the Draft and cannot imagine living or raising her children anywhere but where she calls home.

There is no doubt that if this Plan was to come into effect it would leave our family devastated. I would urge those who are responsible for this Draft to reconsider and allow my children to live and grow their own families within the locality and fulfill their aspirations.

Please acknowledge receipt of our objection against this development plan.

Yours sincerely,

Dara & Seamus Fagan
