To whom it may concern,

I urge you to reconsider the development plan. My girlfriend and her family are born & need in the Cooley area. Her father recently bought a plot of land in 2019, to use for his children to build on in the coming years. Her family have been beside their relatives in Cooley for generations and their surname is synonymous with the area. By introducing this plan you are taking away the opportunity for people to continue to live in the area, where generations of their family have gone before them. Our future plans for building and starting a family in the area will be severely hindered if you introduce this plan. Please reconsider as this will affect not only us, but so many families & individuals in this area.

Thanks for your time.
