Dear Sir/Madam

I am making this submission/objection to voice my disagreement with this new draft development plan. Currently my son is trying to get planning permission on our family lands, it is difficult enough as things are and I believe these draft plans will make it even more difficult for him and my other children if they were to decide to try and build on our lands. This is why I object to these new development plans and believe they should be looked at again and a better alternative found.

Regards,
Eileen McCann
