---

Dear Sir/Madam

I am planning to build in my local rural area in the future on my grandfathers land.

I was shocked to hear that the above plan that prohibits one off housing in many rural locations.

If this goes ahead it will have a very negative impact on the local community, schools, clubs, businesses etc. If we encourage to build in urban areas, the rural communities will become non-existent.

I cannot understand why these proposals are being put forward in the middle of a pandemic. We cannot get together to discuss and object these suggestions.

I do not agree with the above plan and its proposal. It will have a very negative impact on rural communities.

Regards, Vanessa Fischer
