

Draft Louth County Development Plan 2021-2027

To Whom it may concern

I live in Zone 1, it is a beautiful area but where is not if you can see the beauty of nature. What good is big open spaces if no houses and no people are able to create a community. It will affect schools. The older people in the area will not have anyone to look after them, there will be no neighbors and no callers.

This is a daft plan and not a draft development.

This will not work and we cannot allow this to pass. The council need to work with the people and not against them.

You must delay doing anything further until this development plan is studied in full, as this will prove how damaging to the community that it will be.
