To whom this may concern,

I wish to register my opposition to the plan's recommendation for the Zone 1 area, as proposed.

I believe the proposed qualifications for Zone 1 planning are for too limiting and restrictive and will not allow for the familial continuity and growth in rural areas like my own. More than ever in these times of increased working from home, we have an opportunity to draw young people back to rural communities and reintroduce life and vibrancy into our communities. I believe these changes would inhibit that potential.

For me I have grown-up within the Zone 1 area, and I unquestionably intend on being able to build my own long-time home within the Zone 1 area. As a young individual currently living and studying from home, I feel that I should have the opportunity to apply for planning permission in the area in which I was raised and reared in. I truly hope that you take time to read and take my email into consideration.

Regards,

Tara Rogers.
