To whom it may concern,

I write in relation to the above mentioned and below is a copy of my submission.

I am requesting that the lands marked with a red dot be included in the Glenmore Development Centre.

My father owns that site which was previously owned by his father before him.

I have lived in Glenmore all my life. I attended Mullaghbuoy National school, played gaelic football with Naoimh Mhuire which was an immalgamation of mullaghbuoy and Grange [school.as](#) a child and later Cooley Kickhams

This is the only site that my father owns. During these crazy times of Covid I would love to be able to build a home for myself close to my parents house currently as who knows what is around the corner.

Some day I will have to look after my parents and with the site being so close to the current house (a mile and 3/4) I will have peice of mind knowing that they will be OK.

I also have a Neurological Disorder and feel living close to family will have its added advantages.

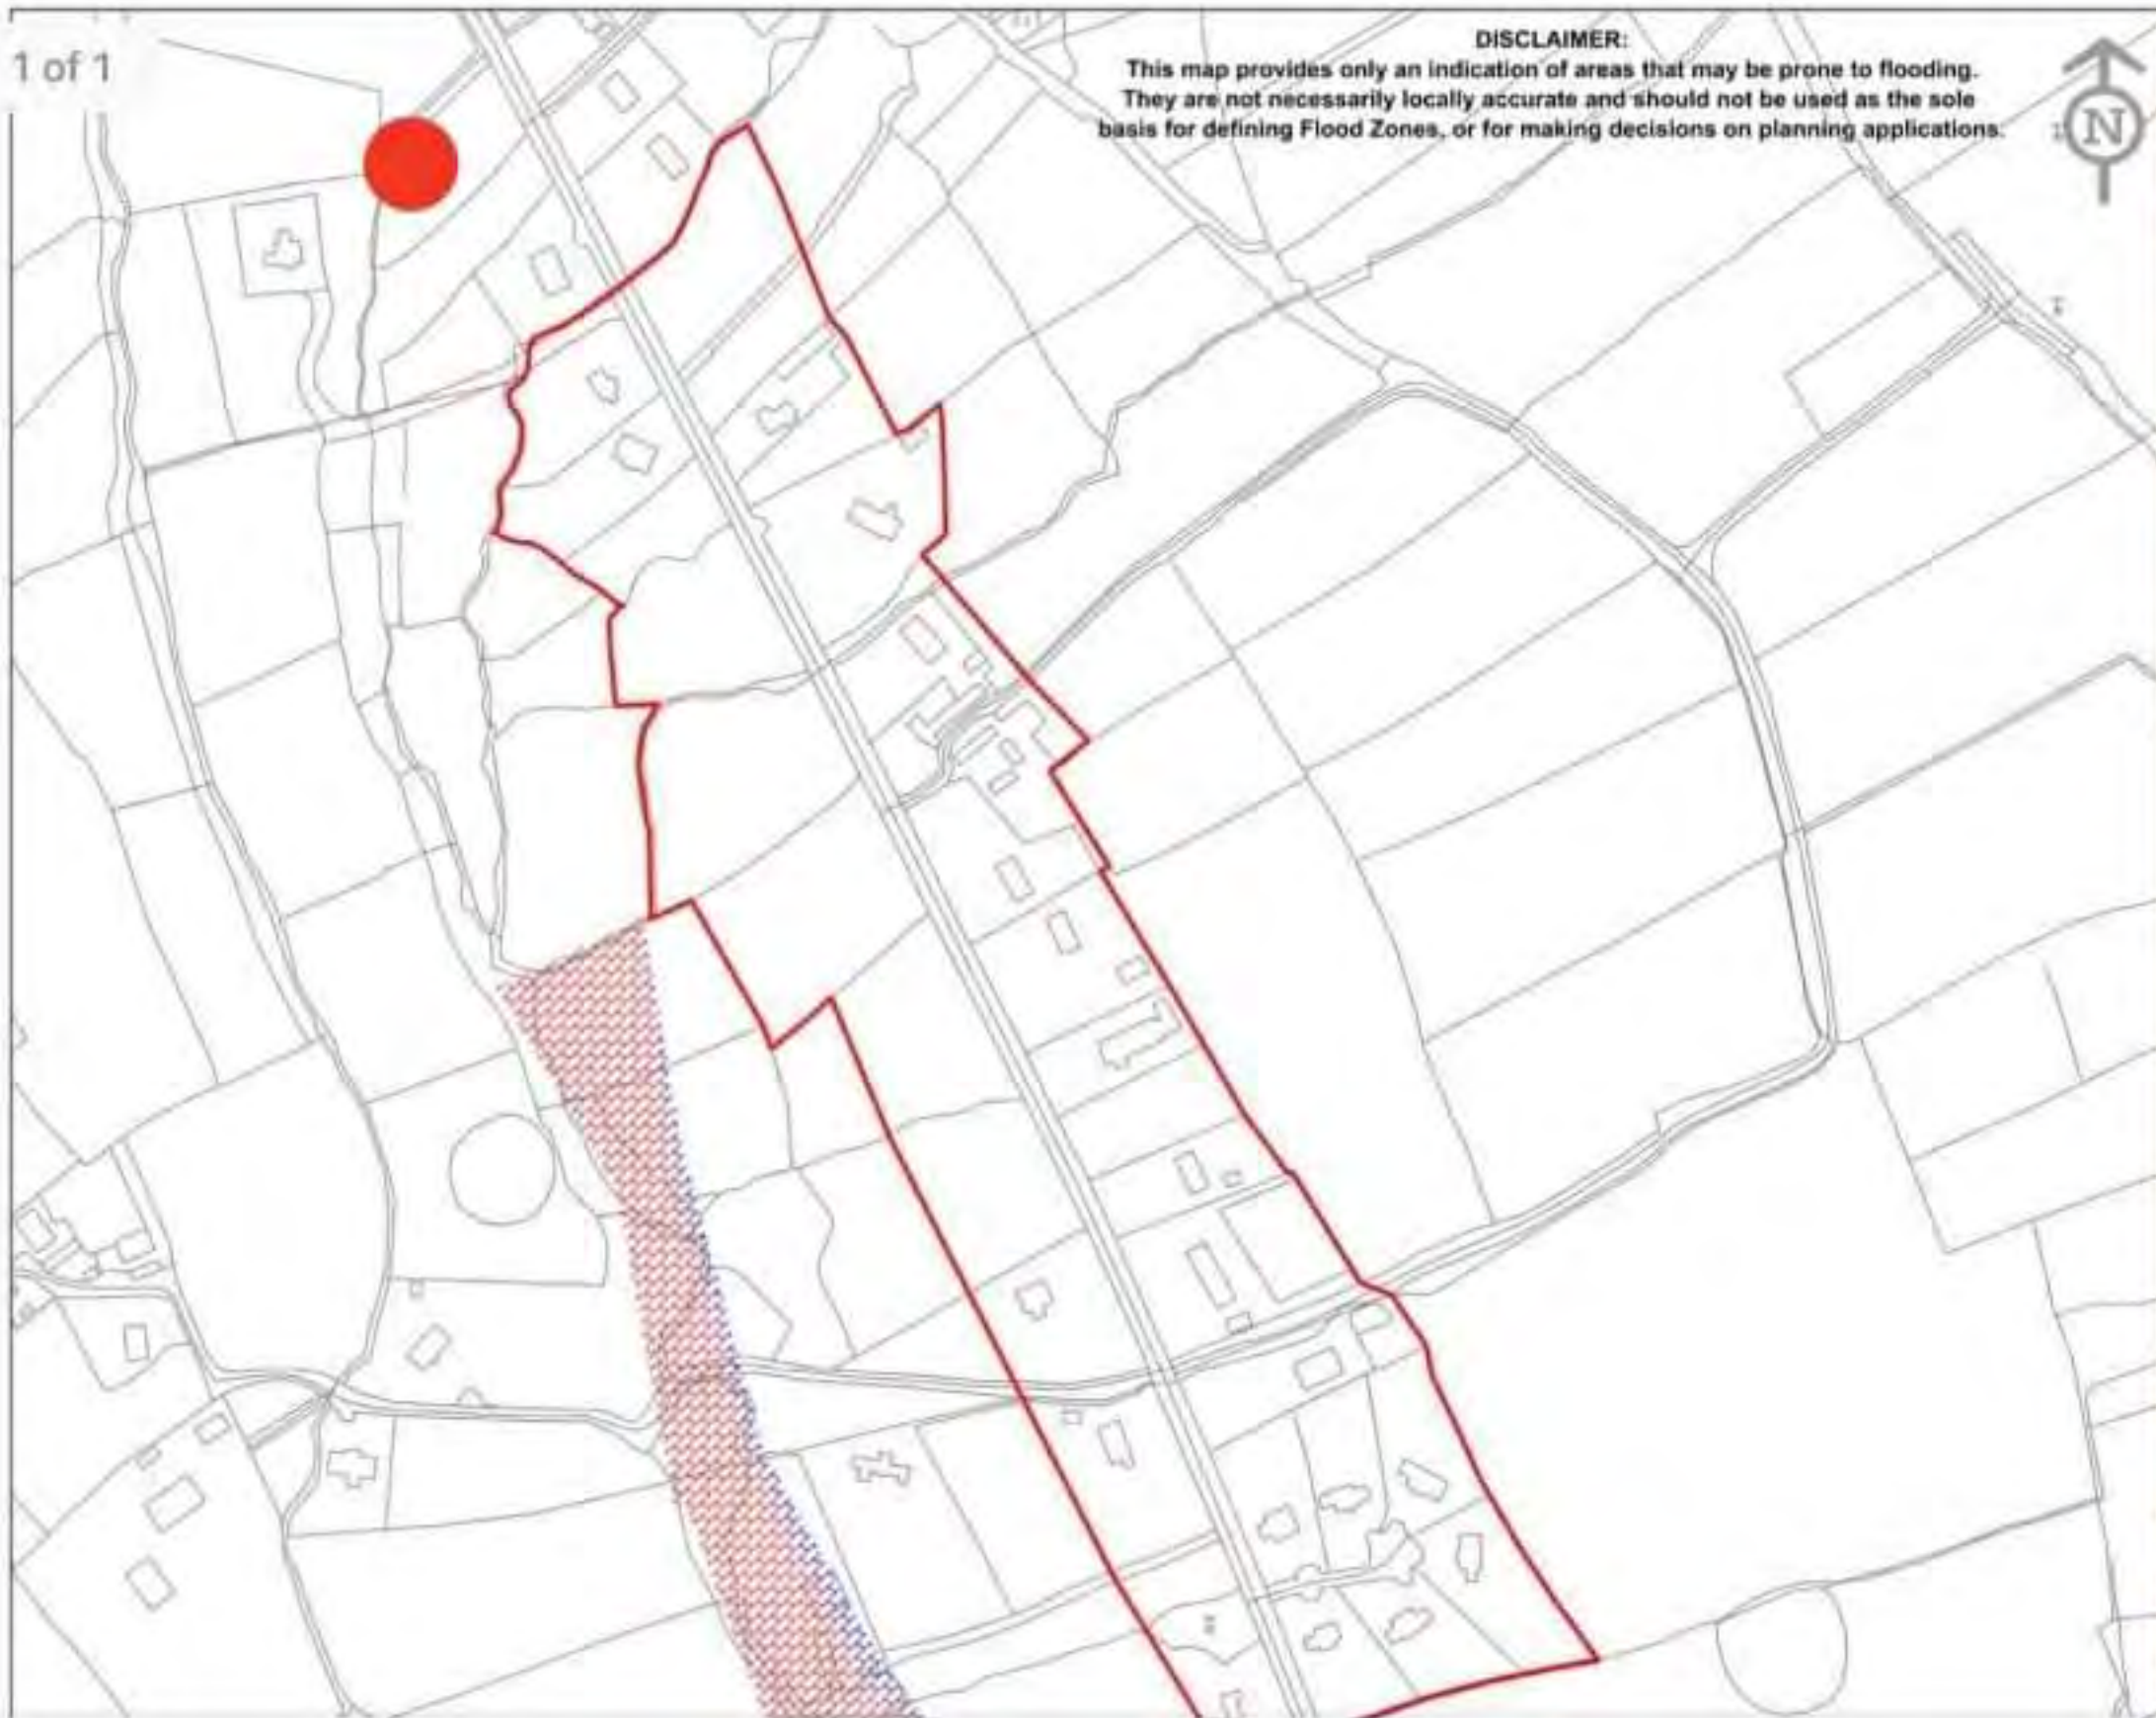

I am employed in the ESB Networks and obtaining a mortgage is not an issue

I would be grateful if you would consider my case.

Kind Regards
Darren McCann
