To whom it may concern,

I wish to register my opposition to the plan's recommendation for the Zone 1 area, as proposed.

I believe the proposed qualifications for Zone 1 planning are far too restrictive and will not allow for the familial continuity and growth in rural areas like my own. More than ever in these times of increased working from home we have an opportunity to draw young people back to rural communities and reintroduce life and vibrancy into our communities. I believe these changes would inhibit that potential.

in the future I would want to build near my family, where I have lived my whole life and where my Grandparents, great great Grandparents etc. have lived. I love living in this area, I understand the need to sustain the nature of the countryside and rural areas. I do think there should be restrictions on who can build in these areas. But I don't think people born and raised should be forced to live somewhere else.

I hope this email helps inform you of the local concerns regarding this plan.

Your sincerely,  
Ríonagh Donnelly
