Dear Sir/Madam

Your proposed submission to the planning in your so called development plan will be the dark of rural life in north Louth. I have lived in Jenkinstown for 40 years and my neighbours who work the land all have full time jobs in order to make ends meet. Your proposal will mean families who have worked the land for a hundred years will lose the comfort of knowing their sons & daughters can continue to live here, just like their grandparents. We do not want to live in towns, & I understand there has to be some restrictions on rural development but this is too far.

Your proposal shows how out of touch & sheer lack of knowledge you have for the communities that live & work this land.

Regards

Denise McGuinness
