---

Dear Sir/Madam,

I wish to strongly object against the Louth County Development Plan for 2021-2027 for the following reasons

- Family members wish to continue to live in the countryside where they grew up and beside their relations who provide a vital support network.

- Rural areas would become uninhabited, socially and economically deprived areas.

- People who have roots in the rural area and contribute to the rural community should be allowed to continue living there and not be forced to move away at great cost.

- We're in the middle of a pandemic and we can't hold community meetings so now is not the time to implement these changes which will be detrimental to future generations and further isolate the rural communities

I ask you to strongly reconsider any further plans to be made that may seriously affect the rural community and the people who grew up in the areas.

At the very least any decisions should be postponed until the pandemic is over or there is a reduction in restrictions which will allow consultation meetings.

Kind Regards,  
Megan Ferguson.
