

Louth Development Plan

To whom it may concern,

I am writing this email in opposition to the proposed draft Louth county development plan 2021-2027. I have grown up and lived in Glenmore . It has always been my hope that my children too would have the opportunity to live in this area and share the same experiences as I once did myself. The proposed draft fills me with great fear that this dream of mine, to build in my native Glenmore and raise a family, will be nothing more than a dream. I speak on behalf of my household in saying that we believe the development plan is wrong and inconsiderate of the locals who have lived in the area their whole life and who are responsible for the upkeep of such an area. Without locals like my family and I, rural areas like ours would fall apart. Schools would close, local business would close, churches would close, sports clubs would close. I wish for Louth County Council to strongly reconsider their draft and listen to the worries and concerns of the people who live in such areas before making any decision on their behalf.

Kind regards,
Adam Traynor
Kate Traynor
Orla Traynor
Maureen Traynor
Kieran Matthews.
