---

To whom it may concern,

Changes being made to the current draft plan have an enormous affect on local needs and is causing undue stress on young people like myself who wish to build in the north Louth area, beside family who have lived in the area for generations. I believe the aspects of this draft plan such as the criteria needed to build seriously need to be re assessed.

Due to the current pandemic and the need for proper and detailed consultation on the drastic changes to Zoning and policy criteria, I propose that we postpone the new rural policy for a period of 2 years and the current policy in the Development Plan 2015 - 2021 remains in place until such time. This will enable detailed meetings to take place to discuss the policy and enable a balanced approach to any future changes.

Regards,  
Zoe
