To whom it make concern,

This development plan is going to ruin the whole of the Cooley Peninsula, where will our children live, if they can't build houses beside their parents, what will that mean for the local communities.

People been forced to move away, where will they live..? We have a housing crisis at the minute. What will it be like in 10 years of this plan is implemented.

This plan should be rejected for the sake of our children and communities

Thank you

Caitlin
