---

To Whom it concerns ,

I would like to voice my concern regarding the proposed changes to the planning regulations in the New County development plan .

If this plan is adopted it will prevent people who were born and reared in the area who despite owning some land which in more times than not is not viable agricultural land from staying in the area and would in turn lead to a drop in population which would seriously affect our local schools and sports clubs as the next generation will be living here .Given the rural depopulation we have seen in the west of Ireland it would a terrible mistake to allow the same thing to happen in our county.

Thank you & Best regards

Colm Duffy
