I wish to strongly object to the proposals in the above plan as it is contrary to the interest and needs of the majority members of the community also it is discriminatory to the non-farming population of the area. I consider it would be detrimental to the wellbeing and development of the people and organisations such as football and sporting clubs also schools and churches.

I am living in the Ravensdale area since 1971 and am married to a local person whose family have resided in Ballymakellett for at least 200 years and would have expected that a child of mine would be entitled and encouraged to build a house in the area close to aging parents.

Yours respectfully,

James O'Connor,
