Dear Louth County Councillors ,

I am writing to you today to Register my objections regarding your Draft Louth Development Plan.

I strongly object to this and the fact that you want to push this through without any dialogue with the people of Co. Louth. As you are aware this is a Democracy and after all we are the people whom elected you .

It beggars belief that you are trying to do this and shows your utter disregard and contempt for the People of Louth. Shame on you.

John Ballantine
