---

Hi,

I wish to submit a recommendation in regards to the above topic.

I believe this plan would be detrimental to the local people of the peninsula. In a time where livelihoods have changed. Economic situations have changed and where many people are hit with a burden or corona virus and other serious issues, we are now being hit with another huge factor that will effect so many young people in this area.

It will effect schools, teachers job may be lost. It will effect sports clubs, the one thing that has given people a release from this terrible year we have faced. It will effect local businesses.

I strongly stand against this draft and feel the same of so many people. I am turning 30 and have a few weeks to try and get my entire future sorted out before this plan is put in place. A task that a lot may be overcome by and the result could be very damaging. I feel for the wellness of our locals as well as the issues I mentioned above that this draft should be re-evaluated.

Thank you for taking the time to read this.

Kind regards,

Eoin
