---

Dear Sir/Madam, I wish to advise you of my opposition to the aforementioned Development Plan. Some of the reasons are as follows:

1. There has not been proper consultation about the proposals, nor has there been sufficient advertising and promotion of the plan so that those affected can review and consider its impact
2. There is the potential for families to be separated against their wishes
3. The potential diaspora is morally unjust and unfair
4. The wellbeing of families and individuals has not been considered or the impact the proposals would have on all of this affected

I do hope you take my views and the views of the many others opposed to this plan into consideration.

Regards

Brendan Murphy
