Dear sir/madame

I wish to make a submission in relation to the development plan

This plan will have a very bad impact on our local community. Local businesses and tradesmen will suffer as most of their business comes from members of the community living in single dwellings.

Also young people from the area will be unnecessary forced to live else where. They will have to cut ties with their local communities.

Local schools will suffer with a lack of new students coming into the schools.

Also older people will suffer because they will not have their families close by to look after them when they can't look after themselves.

. Any application shall demonstrate why the existing property cannot be extended or modified to provide residential accommodation for the carer or person to be cared for.

Overall it will have a devastating effect on the entire community.

Regards
Laura Keenan
