To whom it may concern,

I write to you in relation to the draft Louth County Development Plan 2021 to 2027. I would like to object to the rezoning of the North Louth area and especially our family needs on our family lands to Rural Policy Zone 1.

There is also no option to downsize in the new development plan and this was something, we as parents hoped to do and pass our family home down to one of our children in the future.

Unfortunately, the new Development Plan would prevent us from doing this.

Kind regards,

Peter and Mary Toner.
