I wish to express my strong objection to the above Draft Development Plan particularly in relation to the zoning of lands in rural north louth basically prohibiting the building of new houses by existing residents/landowners. Why should our children be discriminated against to build houses on their own land and be forced to have to purchase property in built-up areas at exorbitant prices that more than likely they will never be able to afford?? It would also have a devastating effect on local small businesses, closure of schools, community groups, football clubs etc and in time would displace the whole rural population.

Yours sincerely

Veronica Traynor
