Dear Sir/Madam

I have reviewed the plan in relation to the placement of our area in zone 1. This severely restricts our options in the future regarding planning permission.

I am strongly opposed to this measure for the following reasons.

- The land owned by our family is not suitable for sustained agricultural activity due to the size and we feel that it discriminates against us as it would only be useful as family dwellings
- I have always believed that the primary use of the land would be for keeping our family together
- The land goes back many generations in my family and we intend to keep it this way.

I ask you kindly to please reconsider this proposal.

Yours sincerely,

Deirdre Briscoe
