**Re: Draft Louth County Development Plan 2021-2027**

To Whom it May Concern,

LMETB are of the view that a new primary school and second level school will be required to service the needs of Dundalk within the lifetime of the new County Development plan. Ideally the site would be located south of Dundalk to service new developments in that region, e.g. Haynestown area.

Overall a site for a new 1,000 pupil school requires about 10 acres and at primary level a new school would require about 6 acres. Overall approximately 15 acres would be required to be zoned for Community/Educational usage and zoning would be required to be done in such a way as to afford each of the aforementioned education providers with suitable services and road frontage.

Thank you for considering our submission.

Kind regards and thanks,

cc. Ms. Joan Martin, Chief Executive.
