

Procurement / Project Progress

Step 2 Summary Information on Website

The Project Inventory will inform the projects to be published on the organisation's website. Summary details of all procurements (capital and current) where the value exceeds €10m are required to be published under a heading PROCUREMENT/PROJECT PROGRESS. The list must be published by 31st May each year and should include the information on the following table for each project/procurement greater than €10m regardless of its status. Procurement / Project Progress

Notes:

- The requirement to publish relates specifically to procurement and not the project so where a project is reported at over €10m the interpretation here is that the project is examined and only the elements of that project that were the subject of a procurement process for a contract in excess of €10m needs to be reported. Therefore, if a project with a total expenditure in excess of €10m is made up of procurements assigning more than one contractor and none of these contracts exceed the €10m threshold then there is no requirement to include them in the list for publication
- Year = Year of review
