Act 6 & 7 Wm. IV., Chap. 116.

COUNTY OF LOUTH SPRING ASSIZES, 1890.

COUNTY SURVEYOR'S REPORT.

Mr. FOREMAN AND GENTLEMEN,

The most important item on the Schedule is a sum of £800, for a new road through Balgatharan, Coolfore, and Monasterboice, in Ferrard Barony. There can be no question that a road is urgently required, but unfortunately, owing to the hilly nature of the country and the situation of the village, the line selected is a very difficult one. A sum of £200 has also been passed for a short line of new road in Ardee Barony. The other Presentments are for renewals of maintenance contracts and for small works, all of which are useful and necessary, except No. 4, in Upper Dundalk Barony, and No. 7, in Lower Dundalk Barony.

There has been a considerable amount of neglect on the part of road Contractors since last Assizes. The list of fines amounts to £280, besides £112 held over until certain defects are remedied. A Decree for £15 was obtained at Petty Sessions against one Contractor, but has not been collected as there were no effects to seize. Annexed is a list of six Contractors who have worked badly for some time, I beg to recommend that they may be prosecuted at Quarter Sessions, so as to break the contracts. In particular No. 204 (8½ miles of the Dublin road between Lurgangreen and Castlebellingham) was so much neglected that I was obliged to take the work into my own hands, and before the necessary legal forms for that purpose could be complied with, the road got into a very bad and dangerous condition.

Giles' Quay was damaged by the gales of January last, and the sum of £27 has been expended on repairs. This Pier was founded on the surface of the sand and shingle, and at intervals

COUNTY SURVEYOR'S REPORT, SPRING ASSIZES 1890.

of six or twelve months since its construction portions of the Sea-wall have been undermined by the waves. As these breaches occurred and were repaired the Sea-wall has been underpinned, at considerable cost, with concrete carried down to a depth of about four feet under the surface of the beach. The whole length of the Pier has now been under-pinned, and as the repairs were carefully executed and never required attention a second time, there is now some prospect that the heavy expenditure on the maintenance of the Pier will for the future be much reduced.

I am, Gentlemen,

Your obedient Servant,

P. J. LYNAM.

COUNTY OF LOUTH SPRING ASSIZES, 1890.

REPORT OF COUNTY ANALYST

For Half-Year ending 31st December, 1889,

To the Grand Jury of the County of Louth.

Mr. FOREMAN AND GENTLEMEN,

I beg leave to report for your information that the following analyses were performed during the Half-year ended on the 31st December, 1889.

For the Guardians of Drogheda Union there were analysed 60 samples of new milk, and 14 samples of butter-milk. One of the former was adulterated with 17 per cent. of water, and two of the latter with 16 and 30 per cent. respectively. Many of the other specimens were of poor and doubtful quality.

For the Guardians of Dundalk Union there were analysed 8 specimens of milk. One of them was adulterated with 25 per cent. of water; the others were pure.

For Ardee Board of Guardians 12 specimens of water, used by the general public, were subjected to complete quantitative analysis. As a whole, I have seldom met with 12 waters from one district so good as those, though all were not up to the standard of first-class waters.

The Commissioners of Dundalk sent 5 samples of butter for analysis, all of which were found to be pure.

A specimen of water, sent by Dr. Flood, of Dundalk, was found to be of fairly good quality.

I think it would be desirable that a Circular, shewing how the services of the County Analyst might be utilised, should be circulated amongst the Public Bodies—Boards of Guardians, &c., in the county.

I am, Gentlemen,

Your obedient Servant,

CHARLES A. CAMERON,

Public Analyst for County Louth.

COUNTY SURVEYOR'S REPORT

*To the Grand Jury of the County of Louth, assembled at
Summer Assizes, 1890.*

Col. Sir JOHN S. ROBINSON AND GENTLEMEN,

Forty maintenance contracts are renewed at this Assizes, the amount being £1,605 5s. 7d. per annum, as against £1,697 10s. 3d. per annum, the amount of the expiring contracts. In Upper and Lower Dundalk, competition was very keen, there being as many as twelve tenders for a single work.

The special works include £200 for a new road through Harristown (No. 1, Ardee), and £800 for a new road through Coolfore (No. 2, Ferrard). No contracts were made for these works, which must drop if tenders are not now lodged. A contract for £190 has been made for cutting hills on the Jenkins-town road (No. 15, Lower Dundalk), and the other special work are all of a useful character.

Decrees have been obtained against five contractors in accordance with a Grand Jury resolution at last Assizes, and the contracts are broken. It appears to me to be reasonable that these five contractors (and all contractors in similar cases) should not be allowed to tender for contracts in future.

I am, Gentlemen,

Your obedient Servant,

P. J. LYNAM,

County Surveyor.

COUNTY OF LOUTH SUMMER ASSIZES, 1890.

HALF-YEARLY REPORT OF PUBLIC ANALYST.

To the Grand Jury of the County of Louth.

Mr. FOREMAN AND GENTLEMEN,

I beg leave to report for your information that I made the following analyses during the half-year ended on the 30th June, 1890.

For the Guardians of Dundalk Union 7 specimens of tea, the analyses of which was made with the object of determining which was best for use in the Workhouse.

For Ardee Union, a specimen of water analysed for the Guardians of this Union, was found to be of tolerably good composition.

69 samples of milk and buttermilk were, from time to time, analysed for the Guardians of Drogheda Union; some were rich, others were of average composition of pure milk, and several were poor and below the average.

Five analyses were made for persons residing within the County, at fees of about one-fourth those usually charged.

It would be important, if the purchasers of oil-cakes and artificial manures would get those articles analysed, the charge for which is little more than nominal, as it would often be the means of saving money to them.

I have made examinations of refuse discharged into a river under the control of the Conservators of Fisheries, Dundalk. The refuse was injurious to fish.

I am, Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for County Louth.

Lee-Norman, our representative on the Board of Richmond District Lunatic Asylum, be forwarded to His Excellency the Lord Lieutenant, and that he be requested to appoint a second representative for the County of Louth, as it is the most distant County contributing to said Asylum.

Statement referred to above:—

“ On the application to the Grand Jury of the County of Louth, Spring Assizes, 1891, for payment of the County's contribution for maintenance of Richmond District Lunatic Asylum, the

GRAND JURY ORDERS AT SPRING ASSIZES, 1891.

assessment being £1881 for year ending 31st March, 1892, I think it my duty as the sole representative of the County of Louth, on the Board of Governors of Richmond District Lunatic Asylum, to call the attention of the Grand Jury to the unsatisfactory state of the financial condition of the Richmond Asylum owing to the failure of some of the contributing Counties to pay their assessments in proper time. I find on the 31st December last, while the County of Louth, County of Dublin, and County of the Town of Drogheda had paid up their entire assessments, the County of Wicklow and the County of the City of Dublin were behind hand, the latter to a large amount, the result being the contractors' accounts have to be held over for payment; a thing that should not occur, and this owing to no default of our County whatever. I would respectfully suggest that the attention of His Excellency the Lord Lieutenant be called to this unsatisfactory state of things, in the hope that His Excellency may see fit to take steps to ensure the payment of the various assessments in proper time so as to enable the Governors of the Richmond District Lunatic Asylum to meet their expenses and carry on the working of the Institution as it should be done.

I think I ought also to represent to the Grand Jury the serious disadvantage they labour under in having but one representative on the Board of Governors of Richmond District Lunatic Asylum (formerly there were always two) inasmuch as when, through various causes often quite unavoidable, their one representative is unable to attend the meeting of Governors, their County is absolutely without any representation whatever."

L. A. LEE-NORMAN.

For Self and Fellows,

JOHN S. ROBINSON,

Foreman of Grand Jury.

Act 6 and 7 Wm. 4, Chap. 116.

COUNTY OF LOUTH.

County Surveyor's Report at Spring Assizes, 1891.

COLONEL SIR JOHN ROBINSON AND GENTLEMEN,

Since last Assizes three Road Contractors have been summoned to Petty Sessions for neglect; and in one case of continued neglect it will, I think, be necessary to break the contract by a prosecution at Quarter Sessions.

At Special Sessions for Drogheda Barony the sum of nine hundred pounds was passed for a new road through Moneymore. Last year a Presentment for nine hundred pounds for a new road through Coolfore (Ferrard Barony) lapsed for want of a contractor, and a new application for eleven hundred pounds now comes up for Exhibition; there can be no doubt that this road is very much required. The other new works on the Schedule are all of a useful character, except No. 4, Ardee Barony, which, in my opinion, ought to be rejected.

Clogher Head Pier, built by the Board of Public Works, has been handed over to the charge of this County. So far as can now be judged from inspection the work appears to have been done in a substantial manner, and the Pier (at least so much of it as can be seen at ebb of tide) is a very strong and solid structure. During the last Easterly gale, however, a portion of the road was torn up by the waves which broke over the parapet wall, and if the gale had continued serious damage might have been done.

To prevent the recurrence of such an injury it will, I think, be necessary to extend the paving at a cost of about eighty pounds.

As to the proposed Railway to Ardee, the plans, lodged with the

COUNTY SURVEYOR'S REPORT, SPRING ASSIZES, 1890

Clerk of the Peace, shew that a County road crossed by a Bridge near Whitemills, and at present nearly level, is to be cut to a gradient of 1 in 15. This gradient ought to be flattened to 1 in 20.

The Great Northern Railway Company also propose to include in their Act of Parliament power to divert a County road, so as to get rid of the level crossing at Faughart, in Lower Dundalk Barony. For several miles on each side the Railway is made to a steep gradient, and there is a curve in deep cutting close to the level crossing, so that trains coming down the gradient at high speed can neither be seen nor heard until four or five seconds before they reach the crossing. As regards the road traffic the gates are closed when the regular trains are expected, but the Crossing Keepers never know when to expect special trains. On the other hand applications to Special Sessions for authority to make this diversion have been rejected on three occasions, and there can be no doubt that the majority (or at least a great number) of the Cesspayers who use this road object very strongly to the proposed change.

COUNTY OF LOUTH SPRING ASSIZES, 1891.

Half-yearly Report of Public Analyst.

To the Grand Jury of the County of Louth.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report for your information that I have made the following Analyses during the half-year ended on the 31st December, 1890:—The following articles were analysed for the Guardians of Dundalk Union from time to time—2 specimens of water, 10 of tea, 3 of milk, and 6 of drugs. One of the specimens of water was fairly good, but the other was one of the worst I have ever analysed, and was utterly unfit for use; of the milk samples, one was rich, one was of average quality, and the third was poor. The specimens of tea were analysed with the object of determining which were best for use in the Workhouse. The drugs comprised the tinctures of opium, calumba, and capsicum, the compound tincture of cinchona, tincture of squills, and hippo wine. The chief defect in these medicines was the want of alcoholic strength; the tincture of capsicum, which is directed by the British Pharmacopoeia to be prepared with rectified spirit of wine, was prepared with the very much cheaper proof spirit. The tinctures of cinchona, opium, and squills, were very deficient in spirit.

For Drogheda Union, which is in part situated within the County of Louth, there were analysed 107 samples of new milk, 32 of buttermilk, 8 of drugs, and 1 of water. Only one of the samples of milk was adulterated, but many of them were below the average quality of milk. I believe the Guardians impose a penalty upon the contractors whenever I certify that the quality of the milk is below the average. The drugs were of fairly good quality. The water was not quite up to the standard of the best waters.

A specimen of water from Collon, sent by directions of Mr. A. H. WYNNE, J.P., was only of second quality.

2 specimens of milk, sent by Mr. T. DRUMMOND, M.R.C.V.S., Dundalk, were of good quality.

The total number of analyses made in the second half of 1890 was 164.

I remain, Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Louth.

Copy of Order changing time of holding Petty Sessions at Castle-Bellingham from once a fortnight to once a month.

14 & 15 Vic., cap. 93, sec. 1.

To HIS HONOUR JUDGE KISBEY, Q.C.

SIR,—We the undersigned Magistrates for the County of Louth beg to inform you that owing to the very small number of cases at hearing at the Castlebellingham Petty Sessions, now held fortnightly, we are of opinion that Monthly Sessions would meet the requirements of the locality, and suit the convenience of all parties much better than the present arrangement, and we request that at the next Quarter Sessions to be held at Ardee, this change in the number of Sessions may be sanctioned.—We are, sir, your obedient servants, Henry Bellingham, Bart., J.P.; O'B. B. Woolsey, Major-General, J.P.; Arthur Macan, J.P.; J. W. Stubbs, Major-General, J.P.; W. de S. Filgate, J.P.; William Ruxton, J.P.; P. Callan, J.P.

WHEREAS, same came on for hearing on this 18th day of June, 1891, at Quarter Sessions held at Ardee, the following Magistrates

GRAND JURY ORDERS AT SUMMER ASSIZES, 1891.

having been present:—His Honour Judge Kisbey, Sir Henry Bellingham, Bart.; Major General Stubbs, J. M. Kilkelly, R.M.; Henry C. Lloyd, Finlay Chester, Thos. Jos. Moore, Wm. de Salis Filgate.

It was Ordered that the Petty Sessions at Castlebellingham be in future held monthly instead of fortnightly, as heretofore.

Dated 18th June, 1891.

STEPHEN O'SHAUGHNESSY,
 Clerk of the Crown and Peace.

Ordered—That the Surveyor's Report laid on the table be printed in the Warrant for the ensuing half-year.

Ordered—That on all Presentments granted at this Assizes, for Public Works exceeding £20, the Secretary to the Grand Jury do advance to contractors three-fourths of the amount on Certificate of County Surveyor, in each case, pursuant to the 128th section of the 116th chapter 6 & 7 Wm. 4th, and 30 & 31 Victoria, chapter 46. The period for issuing such advances to terminate one week previous to the Fiscal Day of the ensuing Assizes.

Ordered—That on all Presentments made to the County Surveyor at the present Assizes, under the Act 20 & 21 Victoria, chapter 15, the amounts for same, respectively, to be paid out of the surplus or balance in County Bank, to such contractors, artificers, or workmen, as may be duly certified by such Surveyor, any one of such certificates not to be for a smaller sum than £5, or drawn more frequently than once a fortnight, as originally arranged by the Grand Jury at Spring Assizes, 1858.

We direct that the following Undischarged Presentments be re-presented in aid of the Levy, at the present Assizes, as regards contracts recommended by the County Surveyor, viz. :—

Resolved—That the Grand Jury hear from the County Surveyor with great surprise that a hole has been broken in the wall of the Old Gaol, without any permission, and they instruct the Solicitor to take steps that this may form no precedent or claim to such a proceeding in future, as they do not wish if possible to cause any inconvenience by ordering the iron rod to be removed, if an undertaking is given that this fixture will be removed at any time, on 24 hours notice being given.

Resolved—That we the Grand Jury of the County of Louth, assembled at Summer Assizes, 1891, beg to express our conviction that the present peaceable state of the County is mainly owing to the satisfactory disposition of the Constabulary Force at present existing, and to protest most strongly against any change or reduction in the number of the permanent Police Stations now in the County.

They are of opinion that it is not advisable to reduce the number of the permanent Barracks on account of a temporary emergency in one small district of the County which might at any time be found unnecessary.

Seconded by L. A. Lee-Norman.

HALF-YEARLY REPORT OF PUBLIC ANALYST.

To the Grand Jury of the County of Louth.

Mr. FOREMAN AND GENTLEMEN,

I beg leave to report that I have made the following analyses during period which has elapsed since the 1st January, 1891.

168 samples of milk were analysed for the Guardians of Drogheda Workhouse. Only 2 were adulterated, but I am informed that whenever the milk was shewn by analyses to be below the average quality of that article, a fine was imposed upon the contractor, proportional to the poorness of the milk. As a rule the milk is very good.

The following articles were analysed for the Guardians of Dundalk Union. 12 specimens of tea, 12 of milk; the teas were analysed with the view of determining which were the best for use in the Workhouse. Three of the milk samples were adulterated, the others were poor or pure.

A specimen of water was analysed for the Collon Dispensary Committee. It proved to be fairly good in quality.

Three analyses were made for private persons; and two very polluted waters were analysed for Drogheda Union.

I am, Gentlemen,

Your obedient servant,

CHARLES A. CAMERON.
