development comprises of (1) A proposed single storey compressor building sized 110 square meters and 5.1 meters high. (2) A single storey bins/garden shed and bicycle shelter sized 51 square meters and 3.3 meters high. (3) A single storey security building sized 35 square meters and 4.3 meters high. (4) A fire water retention tank at 3 meters high. (5) A new single storey chemical store sized 100 square meters and 5.1 meters high. (6) A single storey expansion to the existing permitted electrical room sized 67 square meters and 6.1 meters high. The proposed development also comprises the minor relocation and re-configuration of existing yards and related equipment and equipment housings such as tanks, cooling towers, stores, fire water tanks and pump houses, road and utility infrastructure and ancillary yard based equipment. The revised development is necessitated by the detailed engineering selection and layout of yard based equipment and Wuxi storage needs. This application consists of a variation to a previously permitted development for an activity for which a licence under Part IV of the Environmental Protection Agency Act 1992 (as amended by the Protection of the Environment Act, 2003) is required
