

COMMUNITY & PLACEMAKING STRATEGIC POLICY COMMITTEE

4th November 2025, 3.00pm, (Online Meeting Only)

Present: Cllr. Robbie Nash (Chair), Cllr. Michelle Hall, Cllr. Shane McGuinness, Cllr. Fiona Mhic Conchoille,

Officials: David Jones-Director of Services, Mark Johnston-Senior Engineer,

Apologies: Lorna Costello, Aaron Karol Pundol, Cllr. Paddy McQuillan

Agenda Item	Discussion/Action
1.	<u>To Consider Draft Traffic Calming Policy</u> The chairperson noted that this was a special meeting of the Committee with a single item agenda to allow further consideration of the draft Traffic Calming Policy; and opened the matter for discussion. Cllr Hall raised a number of matters including any key changes from the 2015 policy, data pertaining to traffic collisions as well as any data from digital signs that may inform future traffic calming measures, and a request for an audit where existing traffic calming measures have been installed in recent years. In response, it was agreed that outside of the policy, a separate exercise will be completed to list the traffic calming measures implemented over the last five years for the Committee's information. Cllr Nash sought clarification in relation to Appendix B of the draft policy (Prioritisation Checklist). In response it was confirmed that no minimum score was required to justify a measure to be implemented, rather it was an aid to assist prioritisation between locations and available budget (Appendix A deals with the initial assessment criteria and whether a measure should be considered at a particular location in the first instance). Following the above discussion, the decision of the Committee at its September meeting was reaffirmed by members present, that is that the draft policy as presented was agreed and should proceed for consideration by full Council, with a view to final adoption.
	This concluded the business of the meeting. Minutes confirmed at SPC meeting held on: <u>15th December 2025</u> Signed by Chairperson:
